Afton, VA [June 2023] - The historic Afton Mountain Bed & Breakfast has undergone a stunning transformation into a modern, boutique self-check-in inn. Purchased by Jefferson Street Properties LLC on December 15, 2022, the property was closed for a comprehensive, top-to-bottom renovation before reopening as Afton Mountain Inn on June 1, 2023. The extensive renovation project, totaling more than \$424,000, introduced a wealth of upgrades designed to enhance guest comfort and convenience. The interior saw a complete modernization, including all-new furniture, full bathroom remodels in existing rooms and the expansion of accommodations, with three brand-new bedrooms and en-suite bathrooms added.

The transformation also extended to the exterior, where guests can now enjoy a new pool and outdoor cabana, two outdoor hot tubs, a fire pit lounge and artificial turf relaxation area with lounge chairs, a fully remodeled parking area, and a new onsite nature trail for scenic walks and exploration.

"We wanted to bring something fresh and modern to this beloved property while maintaining the charm that makes Afton such a special destination," said [property owner]. "With our self-check-in model, guests can enjoy a seamless, luxurious stay while taking in the beauty of Virginia's Blue Ridge Mountains."

With the newly rebranded Afton Mountain Inn, guests can now experience a boutique stay with the latest in hospitality technology, allowing for seamless self-check-in and effortless access to high-end amenities in a scenic, peaceful setting.
